Greetings!

Thank you for your interest in sponsoring DrupalCamp Manila 2020! We are excited to promote your company to our ever-growing and diverse community of Drupal developers, site builders, designers, project managers, and others. Your sponsorship is vital to nurturing and strengthening the Drupal community. A strong community equals great Drupal business opportunities.

About DrupalCamp Manila

DrupalCamp Manila is an annual event where all professional Drupal developers, enthusiasts, and students from different schools and universities gather to showcase learning and celebrate interest in Drupal and the Drupal Community. Drupal 9 is scheduled to be released on June 3, 2020. We also want to highlight and celebrate this new milestone for Drupal in the event!

In 2020, DrupalCamp Manila is returning and aims to promote collaboration in the Philippine community. We will gather speakers around the world to talk about how we can benefit from Drupal, and how we can contribute to making Drupal better.

Sponsorship Packages

WE NEED YOUR SUPPORT!

Camps are nothing without the support of our sponsors. Your contribution will help lower ticket prices for attendees, especially the students. Contributions allow us to facilitate more sessions and provide free food to our attendees.

Your support to DrupalCamp Manila will show the nation and the world that we are united in this endeavor and we will not be stopped from doing great things.

Please let us know the level you would like to pledge to reserve a sponsorship spot. Availability is limited. See a summary of packages below and details for each package in the next pages.

Registration fee waived

Sponsor is entitled to the number of registrations included with their sponsorship. Additional registrations may be purchased at the then current registration cost, space permitting.

Listing of Sponsors in Conference Material

Sponsor will be listed on the Conference Web site and in the printed material distributed at the Conference. Sponsor must supply a brief description, a vector-based file of the Sponsor's logo or wordmark and a URL (Sponsor Content). All Sponsors content must be received by the print deadline (1st of April, 2019) to ensure appearance in printed materials. If Sponsor does not provide Sponsor content prior to that date, it may be listed by name only.

Agreement to Conditions

Sponsor agrees for itself and its employees to abide by these conditions, it being understood and agreed that the sole control of the exhibition space rests with exhibition management.

Amendments

Drupal Pilipinas shall have sole authority to interpret and enforce all rules and regulations contained herein, and to make any amendment thereto and to make such further rules and regulations as shall be necessary for the orderly conduct of the exhibition.

Observance of Laws

Company shall abide by and observe all laws, rules and regulations and ordinances in connection with the conference and this agreement.

About Drupal Pilipinas

Drupal Pilipinas Inc. is a non-profit, SEC-registered entity that promotes, advocates, and teaches the open-source platform Drupal. It was founded for the common good of those who are in the Drupal community and individual Drupal enthusiasts. The organization provides continuous learning and contribution to the community of Drupal Developers locally and internationally. The organization was established back in 2008 and was accredited by the Drupal Association in Portland since 2013. The continuous support of the organization to the Drupal community made Drupal Pilipinas to be widely known to the industry providing jobs and other opportunities to its pool of web developers under the same content management framework, Drupal.

Aside from the support of the organization to the professionals practicing Drupal, Drupal Pilipinas has also been very active in bridging the gap between academe and the industry. School tours like seminars, workshops, and training were conducted with more than a hundred schools all over the Philippines since 2012. This once again was recognized by the international Drupal Organization and was acknowledged through their website last 2013. The enthusiasm and interest of the youth especially students in learning the platform makes Drupal Pilipinas very eager to strive for the benefit of their future career and hopefully part of the country's economic growth. With over a thousand members nationwide, Drupal Pilipinas has been the fastest-growing community in the country.

If you have any questions, feel free to contact one of our organizing committee members.
